CABLE SAW

FOR SAWING PLASTIC PIPES.

PRODUCT DESCRIPTION

For sawing plastic pipes. Ideal for use in places that are difficult to reach.

FIELD OF APPLICATION

For plastic pipes of PVC, PVC-C, PP and PE.

PROPERTIES

· Fine wire with rough saw cut for quick application
· Sturdy handles
· 90 cm

APPLICATION

Directions for use:
Place the wire on the pipe and move it back and forward in a sawing motion. The wire will curl.
Points of attention: The wire is warm after use.

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
