STEX® GRANULES

FAST AND EFFECTIVE UNBLOCKER GRANULATE

TECHNICAL SPECIFICATIONS

Chemical base:	Sodium hydroxide (caustic soda) granules coated with aluminium
Colour:	White
Density approx.:	2,1 g/cm^3
pH-value approx.:	14

STORAGE CONDITIONS

Shelf life: At least 36 months after production.
Close the container properly and store in a dry, cool and frost-free location.
Limited shelf life after opening.

PRODUCT DESCRIPTION

Unblocker granulate works fast and effective.

FIELD OF APPLICATION

Very strong and fast granules for removing stubborn blockages caused by hair, soap, grease and food remains, in waste pipes and drains of sinks, washbasins, shower trays and baths. Suitable for synthetics (PVC, PVCC, ABS, acrylic), enamel, porcelain and metals (copper, stainless steel, chrome, iron). Not suitable for aluminium and zinc. Also for preventive use.
Not suitable for aluminium and zinc.

PROPERTIES

· Very powerful granulate
· Ultra-fast result
· Simple to use
· With convenient dosing cap
· Does not affect PVC and metal (except aluminium)
· Childproof closure

APPLICATION

Directions for use:
Ensure sufficient ventilation. Remove as much water as possible from the drain. Place a half a cap full of granulate in the drain and pour in one cup of water. Avoid splashing and overdosing! Let it sit for a few minutes. Flush the drain well, preferably with warm water. In case of very persistent blockages, repeat the procedure. Close container properly after use.
Points of attention: Provide adequate ventilation during usage. During use a fast, effervescent reaction will take place, whereby the temperature can rise considerably to about 100°C at a mixing ratio of 1:1 with water at 20°C. Watch out for splashes! Properly close the container immediately after use.

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
